Welcome to our two-part Power of Our Way Conscious Dialogue Event celebrating the 11 year Anniversary of the original ratification of the Inner Peace Treaty. The purpose of this event is to share, expand, and connect in consciousness and intention. The format over the two evenings has been largely influenced by the questions that have been submitted during the registration process. In the event that your question is not answered during this month's Conscious Dialogue sessions, we have committed to answering all of your questions over the next several weeks by posting responses at <http://powerofourway.blogs.com>.

If you have a strong desire to have your question immediately answered, please contact us at inspiration@powerofmyway.com and we will do our best to respond to your inquiry in a timely manner.

On behalf of the "Peace Panel" for this month's **Conscious Dialogue**, we honor you for choosing to spend time with us this week. It is our hope that you walk away with a deeper understanding of how you can have a positive impact in your own lives and therefore in the lives of others. The ripple effect we create through our thoughts and actions does have the potential to change humanity. As a collective joined in intention and action we are much more powerful than any one of us is on our own. It is the Truth of our ONENESS; our divine connection to all living beings, that when lived out in conscious intention can and will change the world!
